

Recipe - Web Presence

Annual Expenses: < \$30 /yr.

Method and Ingredients for assembling fully Mobile Responsive, SEO, Secure, High Performance, Extensible Business Web / Blog - SM Channel interconnect ready.

Ingredients

- GoDaddy Account
 - Domain & Too
- WordPress Account
 - Site Hosting & Name Services
- Social Media Accounts

Assembly

- GoDaddy
 - Register Domain - \$15?
- WordPress create blog
 - Purchase Name Server Services - \$13

At GoDaddy create custom Name Servers according to the WordPress Specification

At WordPress, build an email alias for YourName@Yourdomain.TLD, forwarding email sent to that address — to your free email account (gmail, yahoo, etc.)

Choose a “Responsive” WordPress site template

Begin populating static pages with your information (Home, About, Contact, Services, etc.) And begin posting. Reconfigure the template Static Landing Page and Posts page.
